

Filters

Dirty water can be the worst enemy of a high-pressure pump, but you can rely on NLB filters to keep it clean. Choices include bag filters, screen filters and cartridge filters that can

trap particles as small as 3 microns. Replacement gaskets and elements are available for all. For special conditions, please give us a call.

Model No.	Type	Flow	Inlet, Outlet Connection	Replacement Element	Typically Used On
PM3350	Bag	30 gpm (113 lpm)	1-1/2" NPT Female	PM6962 (25 Micron) PM3801 (5-10 Micron)	20153, 20253 36200, 36201
FSP85/FSP85-SS	Bag	220 gpm (833 lpm)	2" NPT Female	FSP85-01 (3 Micron), FSP85-03 (25 Micron), FSP85-04 (50 Micron), FSP85-05 (5 Micron)	10250, 20400,
PM15120	Bag	100 gpm (379 lpm)	2" NPT Female	PM15121 (100 Micron)	10331D, 10331D-TPX
PM15583	Bag	220 gpm (833 lpm)	3" NPT Female	PM15584 (25 Micron)	10350D
PM10573	Cartridge	25 gpm (95 lpm)	2" NPT Female	PM11659 (5 Micron) Absolute	36250D 40250D
PM10512	Cartridge	20 gpm (76 lpm)	1" NPT Female	PM10511 (5 Micron) Absolute	36200, 36201
PM2958	Cartridge	8 gpm (30 lpm)	1" NPT Female	PM2959 (5 Micron) Absolute	4030, 4075
PM19153	Bag	38 gpm (42 lpm)	2" NPT Female	PM16644 (25 Micron)	225 Series
PM15675	Bag	100 gpm (379 lpm)	2" NPT Female	PM16644 (25 Micron)	350 Series
DM22085	Bag	200 gpm (757 lpm)	3" Flange	FSP-85-03 (25 Micron)	605 Series
NLB-124-1 1/2	Screen	100 gpm (379 lpm)	1-1/2" NPT Female	NLB124-1.5-80 (80 Mesh)	1012, 10150, 10200
NLB-124-2 (not shown)	Screen	250 gpm (946 lpm)	2" NPT Female	NLB-124-2-80 (80 Mesh)	10250
NLB-157	Screen	200 gpm (757 lpm)	2" NPT Female	N/A	Diesel units
